REGISTERED COVER, 28 PICE RATE. POSTMARKED KATHMANDU G.P.O. FEB. 22, 1944. THE 24 PICE STAMP IS PERKINS BACON PRINTING. 4 PICE STAMP IS KATHMANDU PRINTING.

*Sri Pashupati*  
1941-1946 ISSUE

THE OUTBREAK OF WORLD WAR II MEANT THAT NEPAL COULD NOT OBTAIN REGULAR SUPPLIES OF THE SRI PASHUPATI STAMPS FROM PERKINS, BACON & CO. OF LONDON, SO STEPS WERE TAKEN TO PRINT THEM LOCALLY. THE 8 PICE VALUE RAN SHORT IN 1941, THE 2 AND 4 PICE VALUES IN 1942, THE 1 RUPEE VALUE IN 1944, AND THE 16, 24, AND 32 PICE VALUES IN 1946.

THE METHOD USED FOR PRINTING THESE STAMPS LOCALLY WAS TO PHOTOGRAPH A SECTION OF THE PERKINS, BACON & CO. LONDON PRINTINGS, FROM THE NEGATIVE A COPPER PLATE WITH A MAXIMUM OF 40 IMPRESSIONS WAS MADE, THE PLATE WAS FIXED INTO A HAND PRINTING FRAME, AND IMPERFORATE SHEETS WERE PRINTED. THESE SHEETS WERE PERFORATED BY A SINGLE LINE MACHINE INVOLVING SEPARATE OPERATIONS FOR EACH SHEET. THIS RESULTED IN A BOTTLE-NECK AT THE PERFORATING MACHINE, AND THE RUSHED OPERATOR OCCASIONALLY MISSED PERFORATING PART OF THE SHEET, AND ON RARE INSTANCES PASSED THE SHEET THROUGH COMPLETELY IMPERFORATED. THUS, FROM THE POINT OF VIEW OF THE STAMP COLLECTOR, THE 1941-1946 PERIOD OF LOCAL PRINTING WAS THE MOST INTERESTING OF ALL OF THE SRI PASHUPATI PRINTINGS.

EVEN THOUGH THE DESIGN OF THE 1941-1946 SRI PASHUPATI ISSUE IS EXACTLY THE SAME AS THE 1935 ISSUE, THE LOCALLY PRINTED STAMPS ARE QUITE DISTINCT IN BOTH APPEARANCE AND SHADE FROM THE LONDON PRINTED STAMPS; THE IMPRESSION BEING MUCH LESS CLEAR AND THE SHADING MORE BLOTCHY. THIS ISSUE CONSISTED OF THE FOLLOWING VALUES.

2 PICE, BROWN  
4 PICE, GREEN  
8 PICE, SCARLET  
16 PICE, PURPLE
